

AP 5001

AP 5001 is a strong profile which can carry everything from light to heavy curtains and it is one of our most popular curtain tracks - also as a room divider, for ceiling curtains and for bathrooms. The AP 5001 profile was originally designed for technical curtain solutions in hospitals and healthcare facilities, and the cubicle track therefore has a wide range of options for mounting, bending and milling, as well as a lot of specially designed accessories.

COLOURS

Powder coating and wet lacquering in all RAL and standard NCS colours is possible for an additional charge.

MATERIAL

This profile is made from 100% recycled aluminium, of which min. 60% is post-consumer. Post-consumer aluminium stem from products that have already been used in other products such as aluminium cans.

ORIGIN

1:1 drawing

RECOMMENDED USE

SPECIFICATIONS

Materiale;
Aluminium alloy 6060/T5-6

Operation:
Hand drawn

Ext. dimensions:
15,0 mm x 33,0 mm

Track width:
6,0 mm

Length:
6000 mm

Max. load:
Up to 22 kg (see sep. table)

Bending radius:
Min. 10 (recommended)

Environmental impact:
2,42 kg CO2e per kg (extrusion)

MAXIMUM LOAD

The recommended max. load depends on many factors. Please see our Max. Load table.
