WHO WE ARE

WE PRODUCE HIGH-QUALITY AUSTRALIAN-MADE CURTAINS AND TRACKS THAT REDEFINE AND ENHANCE THE AESTHETIC OF INTERIOR SPACES.

We are a Melbourne based soft furnishing manufacturer specialising in custom curtains. We service both the retail and commercial markets locally and nation-wide.

MAC made

CONCEPT

Your client engages you with their ideal design concept.

MEASURE

You measure and confirm the product specifications you need.

You engage our team of experts to complete your design.

BUILD

We'll expertly craft your curtains, from fabrics to finishes.

DELIVER

We'll deliver your MAC Made curtains direct to your business ready for you to install for your customer.

Our MAC Made Program is a made-to-measure service designed to eliminate the stress and confusion when ordering curtains for our retail partners. This ensures perfect delivery of your order, every time.

Exceptional quality and customer satisfaction are the foundations of our company and are the driving force behind all decisions we make. We pride ourselves on creating high-quality Australian-made curtains for all Australian spaces.

A CUSTOM MADE
CURTAIN SOLUTION

By partnering with leading, local fabric suppliers, and offering in-house curtain tracking solutions, we are able to offer a fully tailored, custom solution to our retail partners.

With over 20 years of experience in the curtain manufacturing industry, we ensure that all of our curtains are crafted to the highest industry standards.

OUR CURTAIN RANGE

SOFT AND SILKY SHEER CURTAINS

Sheer curtains are a beautiful yet practical addition to any space. Whether you are looking to soften a room or update your decor, we have the solution for you.

By perfectly framing your windows, sheers will complement the look and feel of any room with their timeless and stylish finish.

Sheer curtains allow natural light, creating a soft and welcoming feel whilst adding a level of privacy.

We offer a unique range of premium fabrics, in a number of textures and colours.

OUR CURTAIN RANGE

BOLD AND DYNAMIC BLOCKOUT CURTAINS

Crafted with high-quality materials, our blackout fabrics provide exceptional light-blocking properties, ensuring a restful and serene environment while adding a stylish touch to any kind of space.

These curtains act as a barrier, helping to regulate room temperature, reduce energy costs and minimise acoustics, also creating a comfortable living space while being environmentally conscious.

With an added sense of privacy, these curtains are the ideal tool for your personalised interior sanctuary.

Choose from a wide array of styles and colours to complement decor or make a bold statement.

OUR CURTAIN RANGE

AVAILABLE HEADING TYPES

Curtain headings go beyond mere functionality. Whether the classic charm of pencil pleats, the modern allure of s-fold, or the contemporary grace of wave fold, our curated selection of curtain headings is designed to cater to every discerning taste.

As you explore the following options, envision the seamless integration of these headings into your living space, each imparting its own character to your windows.

As a trusted Somfy partner, we also offer unique motorised tracks that allow for a seamless blend of modern functionality and exclusive style.

SUBTLE & SOPHISTICATED

S-FOLD

The S-Fold style curtain gives a contemporary look that has been growing in popularity over recent times. Utilising a smaller heading of 25mm it provides the curtain with a narrow and sleek top construction. This also benefits the application by achieving higher drop sizes in continuous fabrics which will avoid joins in the curtain.

– Available in a 25mm heading size with a choice of white, black, or clear tape.

MODERN & MOBILE

WAVE FOLD

This stylish heading type gives a soft ripple effect similar to S-Fold. While still providing a contemporary look, it will also provide a thicker heading aesthetically. The difference between S-Fold and Wave Fold styles is the increased heading size of 75mm.

– Available in 75mm clear heading tape only.

CLEAN & CONTEMPORARY

PENCIL PLEAT

Pencil Pleat curtains feature folds gathered closely together to resemble a neat row of pencils. This is a great solution when the application has reduced space to operate in or to operate as a dual curtain to reduce projection.

– Available in 75mm white or clear tape.

CUSTOM CURTAIN LINING ALSO AVAILABLE

3-pass non-FR continuous blackout lining available in white, ivory and a range of other colours.
